## How to Post a YouTube Video

## It starts with your Google account

You use the same password as you use to sign into your GMAIL account.

Download the YouTube app – it makes it easier to do on your phone.

Whether you are on your phone or computer, ensure you are signed into your google account by clicking on the little icon on the top right hand side. Input your gmail and password and your picture/avatar/initials will appear

- If you are coming in through google, click on the 9 dot menu and choose YouTube after you have signed in
